EDUCATION & CERTIFICATES

Hunter College – CUNY   New York City, New York
B.A. Computer Science, *Expected May 2026 | GPA: 3.67*   August 2022 - May 2026
Dean's List: *Fall 2022 – Spring 2025* (All Semesters)
Coursework: Software Analysis and Design, Practical Web Development,
Operating Systems, Cloud Computing, Discrete Structures, Computer Architecture

Brooklyn Technical High School   Brooklyn, New York
Advanced Regents Diploma *GPA: 4.0*   September 2018 - June 2022

CodePath Tech Fellow   Fall 2025
Certificate of Leadership

EXPERIENCE

CodePath   New York City, New York
Tech Fellow (TA)   September 2025 – November 2025
- Supported over 590+ students enrolled in the WEB 101 course through providing technical guidance on HTML, CSS, JavaScript, and other core web development principles
- Led live breakout sessions to debug code, answer technical questions, and guide students through coding exercises by breaking down problems and bringing them to the solution.
- Collaborated with instructors to create a warm and inviting community, ensuring students gain confidence in their skills and ability regardless of their expertise.
- Strengthened personal technical and leadership skills by reinforcing core web development concepts while improving communication, collaboration, and debugging abilities.

Abercrombie & Fitch Co.   New York City, New York
Stock Associate (Part-Time)   June 2023 - December 2024
- Responsible for the restocking of merchandise on the sales floor in a timely and effective manner.
- Processed and handled incoming shipments, regularly performing quality checks and replenishing the inventory.
- Developed strong communication and teamwork skills through collaboration with associates and customer assistance.

PROJECTS

da.ily – Study Planner Web App *HTML, CSS, JavaScript, Express.js, PostgreSQL*   https://da-ily.com/
- Led frontend development with custom themes, responsive layouts, and mobile/tablet friendly navigation (hamburger menu, popups, favicon)
- Designed and implemented a PostgreSQL database schema and Node.js/Express backend with routing and user authentication, allowing for user accounts and data persistence.
- Built and integrated interactive study tools in JavaScript including a Pomodoro timer, scheduling interfaces, and user progress tracking; deployed as a full-stack web app using Render and Neon

NYC Fresh Finder – Web App *HTML, CSS, JavaScript, Leaflet.js, Express.js*   GitHub Repo
- Designed the end-to-end UI/UX flow and prototypes using Figma and Adoble Illustrator.
- Built all frontend pages in HTML/CSS and implemented interactive JavaScript components including login forms, review system, dynamic bookmarks, and compare tiles, integrated with an Express.js backend.
- Led development of alert, review, and other interfaces to ensure consistent UX across all platforms.

Discord Utility Bot Template *Python, discord.py*   https://github.com/satyamd8/discord-bot
- Independently developed a modular Discord bot with music playback (YouTube via yt-dlp), real-time weather updates, moderation tools, and fun slash commands using discord.py in Python
- Implemented secure commands, environment-based API key management for private deployment, and logging for message edits
- Deployed bot for open-source access, allowing for testing and private use, structured to allow for additional commands and features to be implemented (on top of existing features)

SKILLS & INTERESTS

Programming Languages:	C++, Java, Python, JavaScript, TypeScript
Frontend:	HTML, CSS, React, DOM Manipulation, Responsive Design
Backend & Databases:	Node.js, Express.js, REST APIs, PostgreSQL, SQL, Relational Database Design,
Tools & Platforms:	Git, GitHub, Bash, Windows, Figma, Adobe CC Suite
